# ENDING

The following are the 12 pages of extras! I filled it up with the after story and many other things.

I started off this piece of work by creating characters and their personalities first. To me, that is the most difficult thing but once I started it was actually quite fun indeed.

It was hard for me to decide on Rui's personality, while in other cases it has always been the girls that I have problems with.

Other than that, I had a lot of fun creating other characters. For example, Rui's sister, is called Yayaka. Rui is the youngest amongst his siblings (1 sister and 4 brothers) and how Komako is an only child who looks very much like her dad, (her mum's slim and tall).

I really want to write in more details about track and field but this isn't a manga about sports. It should be fine how it is now, right?

This is the first time that I drew the same characters for 11 times in a row. It has become the first piece of work that I put all my effort into.

Just to  
let you  
know,

But what he's  
currently con-  
cerned about is  
not the height or  
his grown up  
appearance  
anymore,

but how he's  
not growing  
any beard.

you'll stop growing  
sooner if you started earlier  
than usual. It's still unsure  
whether his height will  
stop at 187cm.

Rui,

did you  
get taller  
again?

Yes...

although  
I'm growing  
slower than  
the time at  
middle school...

I'm  
around  
180cm  
now

My  
god!

Sawase  
Kousuke,  
20 years  
old

has joined  
the athletics  
club at some  
college.

...You've  
grown  
up.

the way you  
walk is totally  
different now,  
so do slow  
down a bit!

Mmm?  
What?

Do you  
feel lonely  
being left  
behind?

Acting  
mature  
because he's  
already in high  
school

I meant,  
it'll become a  
problem when  
we kiss.

● MISTY  
RAIN

That's right,  
you're already  
16, right?

The  
ban is  
finally  
lifted?

Kiss?!

K! EH?!

Don't  
worry!

I'll just  
pick up like  
this when  
we kiss.

I should  
be the one  
asking them!

You're  
blushing!!

What's  
wrong?

You're  
the one  
blushing!

Peep!

Peep inside, they both believe that they  
will fall behind the other.

That is why they are willing  
to keep on running.

Serpai is a mystery.

This is my mother's room. I know I should have told you about this room at the time.

I was going to talk about my mother last time, but I didn't.

So this time I want to tell you the story about my mother, Tsukiko, when she was still a student at the arts college.

She's your mother and about now.

Volume 1  
Chapter 4

Let me make you some Tsukiko's special clear broth.

I'm sorry, but I don't have anything to warm your teeth.

# Done!

Tsukiko's Special clear broth!

A bowl full of hot water—

One drop of boy's love

That's what I think. I've never seen Tsukiko in special clear broth before served at the Nanyo-ya breakfast.

I'm sorry, but I don't have anything to warm your teeth.

I'm sorry, but I don't have anything to warm your teeth.

I'm sorry, but I don't have anything to warm your teeth.

This is the last page.

Here I would like to give my gratitude to the readers who followed through the whole volume, Kurachi-san and all the staff involved in the making of this offprint!

Though all my works still needs refining, but I try to make my readers feel happy when they read them. I will continue to do my best from now on.

I will be happier if I could receive letters from my readers.....
